

Year 8 KS4 Student Pathways – Green

Name

Core Subjects Block

There are a number of subjects that all students will study and the names of these subjects are provided below:

English Language / English Literature / Mathematics / Combined Science/ RE / Digital Literacy / Core PE

Humanities Pathway

All students continue their studies in both Geography and History as they enter Y9. Building on their learning in years 7 and 8, students increase their depth of understanding as they explore key topics that are also part of the GCSE courses in these subjects.

At the start of the summer term in Y9, students will then study one of these subjects, having had the opportunity to make this selection during the course of the spring term in Y9.

Vocational Pathway Block

Within the Vocational Pathway, you must select to study one of the subjects listed below:
