

KS3 Homework @ SCC – Student Homework Schedule:

Homework – The facts:

What is the deadline date for submission of homework this half-term and how many weeks are in the half-term? _____

How many homework tasks are due to be submitted on this date and in what subjects? _____

Having looked at the information about each of the homework tasks, fill in the details in the table below to organise your thinking about the homework:

What does the homework task involve and how much time do you think it will take? 	How do you feel about the homework task that has been set? 	Do you see any problems in completing the task? 	How might you go about addressing the problems that you have identified? 

TAKE YOUR TIME

Planning homework across the term:

How many weeks do you have available this half-term to complete the homework tasks that have been set? _____

Use the table below to indicate when you will look to work on each homework task and when you will actually look to submit them. (There is a space for eight weeks in a half-term, but most half-terms will be shorter than this)

	Week beginning	Homework tasks that I will work on this week	Homework tasks that I will look to submit this week in advance of the deadline
